AMKUS

STRONG TOOLS FOR STRONG WORK

Fire Rescue teams at the race track and on the city streets demand rugged and dependable tools. AMKUS offers a family of high performance battery powered and line extrication tools. The tools' bodies are constructed from solid aluminum and are ready for service in the severe duty challenging first responders.

HIGH PERFORMANCE BATTERY AND LINE POWERED TOOLS

The AMKUS ION® family of battery powered tools utilize the DEWALT® FLEXVOLT™ battery platform. It is the only battery that automatically changes voltages when you change tools, so you can share batteries between ION tools and other fire-rescue tools like lights, saws, and drills. The AMKUS LINE tools deliver power, balance and a size that still allows access to even the tightest spaces.

ION®

A Family of Tools

The battery powered ION tools are all-aluminum and ready for severe duty. The tools are available in multiple sizes and speeds, yet all share a balanced design for easy tool handling. Though powerful, the tools are compact so they can access the tight spots found in crash scenes and they take up less room on the apparatus.

Share the Power

AMKUS ION tools utilize a complete DEWALT® system that includes battery, motor, and intelligent electronics to deliver maximum power and life. The FLEXVOLT™ battery operates the ION tools at 60 Volts and automatically changes to 20 Volts when paired with other tools like saws and drills. In addition, the batteries are accessible from hundreds of outlets and are substantially more affordable than proprietary battery systems.

LINE

Innovative Designs

Long recognized as leaders in power and rugged tool durability, AMKUS offers a wide range of hydraulic LINE tools. Their design begins with an extraordinarily balanced tool that provides operator comfort and safety. In addition, innovative blade designs and spreader accessories allow first responders quicker and safer rescues.

Multiple Power Options

AMKUS offers a wide range of power units for its LINE tools. Choose from Briggs & Stratton or Honda engines in multiple sizes on portable units. For a truck mounted power unit, select the 240SS Super Simo which allows for two tool simultaneous operation with only a 15kW generator.

STRUTS

RESCUESTRUT is a telescoping and hydraulic strut system that's easy to deploy and use for vehicle stabilization, structural collapse and more. The tools are fully assembled and include a single pin adjustment for rapid deployment. A wide variety of strut heads are available that work across the entire strut family.

BATTERY

AMKUS INNOVATION

Compact, all-metal bodies designed to access tight spaces and require less room on the apparatus

4-stage pumps provide amazing speed under both loaded and unloaded conditions

DEWALT FLEXVOLT battery powered so batteries can be shared with other fire-rescue tools like saws, lights and drills

Center positioning of the battery offers better protection

High Intensity LED lights located in the handle for increased visibility

Location of the controls offers superior operator control

Status LEDs offer user feedback on the tool status

iC750 CUTTER

- Blade and center bolt design allow access to the difficult cuts
- Rotating handle allows tool to be repositioned with minimal effort

iCT716 COMBI TOOL

- Removable tips make this "first on scene" tool a great option
- Useful to spread, cut, and "pop" doors

SHARETHEPOWER Windshield Removal Kit

Designed to minimize dust during cutting, the windshield cutter is a quick and easy way to remove laminated glass from vehicles.

SEE ALL 11 AMKUS FLEXVOLT™ **FIRE-RESCUE KITS ON PAGES 8-11**

AMKUS ION rescue tools can share their powerful FLEXVOLT battery with many DEWALT tools.

YMKUS.

iS320 SPREADER

- · A powerful multi-use spreader with AMKUS Gator Tips for a reliable grip that won't rip sheet metal
- Extended Reach Tips (ERT) increase the spread an additional 8" without significant loss of power
- Gator Tips and ERT's utilize a push button release, so they're easy to install or remove, even with gloved hands

9 Inch Cut Off Saw Kit

FLEXVOLT powered cut-off saw makes cuts up to 3-1/4 inch deep. Make fast and efficient single pass cuts and scores in concrete, steel, and rebar.

SEE ALL 11 AMKUS FLEXVOLT™ FIRE-RESCUE KITS ON PAGES 8-11

WINDSHIELD REMOVAL KIT

The AMKUS windshield removal kit is designed to minimize dust during cutting, the windshield cutter is a quick and easy way to remove laminated glass from vehicles. #WNDREM-KIT includes (1) Windshield Cutter, (1) FuBar Tool, (2) Windshield Suction Cups, (1) FLEXVOLT 60V/20V Battery (2AH/6AH), (1) Charger, and (1) Bag.

RECIPROCATING SAW KIT

When paired with the included reciprocating saw blades, this tool makes quick work of structural steel as well as sheet metal and perfectly complements your AMKUS rescue tools. The saw's keyless lever-action blade clamp allows for quick and easy blade changes while its LED light helps to illuminate your work area. #RECSAW-KIT includes (1) Reciprocating Saw, (10) 6" Lennox Laser CT Extrication Blades, (10) 9" Lennox Laser CT Extrication Blades, (1) FLEXVOLT 60V/20V Battery (2AH/6AH), (1) Charger, and (1) Storage Bag.

9" CUT OFF SAW KIT

The 9" cut off saw kit makes cuts up to 3-1/4" deep. Make fast and efficient single pass cuts and scores in concrete, steel, and rebar. The saw features a front handle that can be held in three positions, allowing the saw to be used to cut in both horizontal and vertical positions. #CUTSAW-KIT includes (1) 9" Cut Off Saw, (1) Diamond Wheel, (1) Ceramic Cut Off Wheel, (1) FLEXVOLT 60V/20V Battery (2AH/6AH), and (1) Charger.

9" CUT OFF SAW KIT (2 BATT, CUT OFF WHEEL, AND 9" DIAMOND RESCUE BLADE)

The 9" cut off saw kit makes cuts up to 3-1/4" deep. Make fast and efficient single pass cuts and scores in concrete, steel, and rebar. The saw features a front handle that can be held in three positions, allowing the saw to be used to cut in both horizontal and vertical positions. #CUTSAW2-KIT includes (1) 9" Cut Off Saw, (1) 9" Diamond Rescue Blade, (1) Diamond Wheel, (1) Ceramic Cut Off Wheel, (2) FLEXVOLT 60V/20V Batteries (3AH/9AH), and (1) Charger.

CHAINSAW KIT

This 60V chainsaw kit is a versatile tool in the fire clearing fire lines and clearing roadways of fallen trees and debris. The 60V brushless chainsaw features a chain brake for kick back protection and provides up to 70 cuts per charge on a 6" x 6" Brushless Chainsaw, (1) FLEXVOLT 60V/20V Battery (3AH/9AH), and (1) Charger.

HANDHELD BLOWER KIT

this FLEXVOLT powered blower is ideal for debris cleanup from MVA scenes and creating firebreaks. volume at 129 MPH. Flat concentrator nozzle increases air speeds to 175 MPH. It features a power control, and its lightweight and ergonomic #BLOWER-KIT includes (1) Handheld Blower, (1) FLEXVOLT 60V/20V Battery (2AH/6AH), and (1) Charger.

SCENE LIGHTING KIT

The scene lighting kit's compact design takes up at a scene in seconds. Integrated carry handle provides easy portability to the scene. Light head shadows and glare. Variable brightness settings up to 3000 lumens. Light will operate for over 11 hours on low brightness setting. IP54 rating for weather (1) Rechargeable Scene Light, (1) FLEXVOLT 60V/20VBattery (2AH/6AH), and (1) Charger.

BLOWER-KIT

60V CORDLESS CIRCULAR SAW KIT

This 7-1/4" circular saw with electric brake has a no-load speed of 5800 RPM and delivers the power of a corded circular saw with the portability and convenience of cordless. #CIRCSAW-KIT includes (1) Circular Saw, (1) FLEXVOLT 60V/20V Battery (2AH/6AH), (1) Charger, and (1) Bag.

HAMMER AND IMPACT DRIVER KIT

The 20V MAX XR hammer drill/driver and impact driver both feature brushless motors that delivers #DRILL-KIT includes (1) Drill, (1) Impact Driver, (1) FLEXVOLT 60V/20V Battery (2AH/6AH), (1) DeWALT

60V GRINDER KIT WITH DIAMOND RESCUE BLADE

The 4.5"-6" grinder with kickback brake is maximized for power and durability. It delivers 13-amp power with the portability and convenience of cordless Diamond Rescue Blade, (1) 4.5" x 1/4" bonded abrasive wheel, (1) FLEXVOLT 60V/20V Battery

PORTABLE BAND SAW KIT

power and runtime. It can cut up to 5" x 4-3/4" rectangular and up to 4" round material. It also includes blade speed control, integrated hang hook, (1) Band Saw, (1) FLEXVOLT 60V/20V Battery (2AH/6AH), and (1) Charger.

AMKUS INNOVATION

Compact, all-metal bodies designed to access tight spaces and require less room on the apparatus

High Intensity LED lights located in the handle for increased visibility (standard on cutter, spreader, and combi)

Location of the controls offers superior operator control

Available with standard or mono coupling

C750 CUTTER

- Blade and center bolt design allow access to the difficult cuts
- Rotating handle allows tool to be repositioned with minimal effort

- that won't rip sheet metal
- the spread an additional 8" without significant loss of power

CT716 COMBI TOOL

- Removable tips make this "first on scene" tool a great option
- Useful to spread, cut and, "pop" doors

CUTTERS

AMK-21A CUTTER

- 360-degree rotating handle allows rescuer to place the handle in the best position for the desired cutting
- Optional lighted handle adds 2 powerful LEDs that help illuminate the working area
- · Control valve placement provides compact design, allowing greater access for the user
- Tool design provides excellent balance and natural hand placement
- Powerful enough to cut Boron and other ultra-high strength steels
- Anodized for corrosion protection Shown with optional lighted handle.

AMK-22 CUTTER

- 360-degree rotating handle with eight lockable positions allows rescuer to place the handle in the best position for the desired cutting action
- Optional lighted handle adds 2 powerful LEDs that help illuminate the working area
- · Control valve placement provides compact design, allowing greater access for the user
- Tool design provides excellent balance and natural hand placement
- Powerful enough to cut Boron and other ultra-high strength steels
- Anodized for corrosion protection

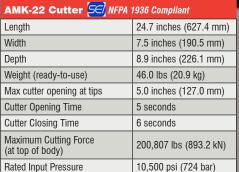

Shown with optional lighted handle.

AMK-25 HEAVY DUTY CUTTER

- · Extremely compact and versatile with plenty of cutting power
- The lightest cutter in its class weighing only 30.1 lbs (ready to use)
- Proven design thousands in use worldwide
- · Anodized for corrosion protection
- · Available with D-ring handle
- Available with standard or mono coupling

Rated Input Pressure	10,500 psi (724 bar)	

SPREADERS / COMBI

AMK-30CRT SPREADER

- Unique design allows maximum usable force
- Push button pins for easy removal of tips (eliminates possibility of losing pins in the field)
- Removable tips accept chain package and optional tips
- · Available with standard or mono coupling
- Equipped with our aggressive Gator Tips Shown with optional lighted handle

AMK-30 CRT Spreader		
	Max Spreader Opening	32.0 inches (813 mm)
	Length	30.1 inches (765 mm)
	Width	12.0 inches (305 mm)
	Height	8.2 inches (208 mm)
	Weight (ready-to-use)	48.0 lbs (21.75 kg)
	Max Spreader Force (measured at 30.2 in. (767mm) spreader tip opening)	17,775 lbs (79.1 kN)
	Rated Input Pressure	10,500 psi (724 bar)

AMK-24 SPREADER

- Unique design allows maximum usable force
- · Removable tips accept chain package and optional tips for versatility
- Push button pins for easy removal of tips (eliminates possibility of losing pins in the field)
- · Control valve placement provides compact design allows greater access for the user
- · Excellent balance and natural hand placement
- Anodized for corrosion protection

AMK-24 Spreader 🔀 NFPA 1936 & EN13204 Compliant		
Max Spreader Opening	24.0 inches (610 mm)	
Max Spreader Travel Distance	23.9 inches (607 mm)	
Length	29.7 inches (754 mm)	
Width	14.0 inches (356 mm)	
Depth	8.0 inches (203 mm)	
Weight (ready-to-use)	37.35 lbs (17.0 kg)	
Highest Spreading Force (NFPA 1936, HSF)	10,100 lbs (44.8 kN)	
Lowest Spreading Force (NFPA 1936, LSF)	9,145 lbs (40.6 kN)	
Highest Pulling Force (NFPA 1936, HPF)	6,218 lbs (27.6 kN)	
Lowest Pulling Force (NFPA 1936, LPF)	5,450 lbs (24.2 kN)	
Maximum Spreading Force (at back of tips)	18,785 lbs (83.5 kN)	
Spreader Opening Time	4 seconds	
Spreader Closing Time	4 seconds	
Rated Input Pressure	10,500 psi (724 bar)	

AMK-25C COMBI TOOL

- Combination cutting/spreading/pulling tool
- Extremely lightweight, compact size for easy storage
- Ideal for "first response" applications
- Anodized for corrosion protection
- Check valve design maintains load
- Available with D-ring handle
- Available with standard or mono coupling

AMK-25C Combi Tool	
Length	25.0 inches (635 mm)
Width	8.0 inches (203 mm)
Height	7.5 inches (190 mm)
Weight (ready-to-use)	36.0 lbs (16.4 kg)
Max Cutting Edge Opening	7.0 inches (178 mm)
Max Cutting Force	57,000 lbs (253.5 kN)
Max Spreading Distance	15.5 inches (394 mm)
Max Spreading Force at Tips	9,900 lbs (44.0 kN)
Rated Input Pressure	10,500 psi (724 bar)

RAMS

AMK-100R LIFTING JACK

- Single-stage lifting jack
- · Enormous lifting force in a compact package
- Remote actuating valve allows operation from a safe distance
- Supplied with 1", 2" and 3" shim plates for longer stroke applications

PUSH/PULL RAMS

- Unique base design distributes load
- Check valve design maintains load
- Accessories available for increased capabilities

• Push/Pull design allows use of standard AMKUS chain packages

• Anodized for corrosion protection

Available with standard or mono coupling

REELS / HOSE

AMK-ERR100 Electric Hose Reel

ELECTRIC REWIND HOSE REELS

- Electric motors can be mounted in a wide variety of positions, saving valuable compartment space
- Reels include rugged aluminum collars on crimps, preventing bending and collapse which make it impossible to pull entire lengths of hose
- Available in 50, 100, 125, 150 or 200 foot lengths of hose
- All inside drums are reinforced
- Also available in manual version Dimensions are larger for reels longer than 100 feet.

HOSE

- TOUGHJACKET[™] hose is reinforced with high tensile steel wire braid and its polyurethane cover resists abrasions and tears
- Extension, pump, reel, pump to reel hoses all available in all lengths
- Available with standard or mono couplers
- Will not kink or crimp

BATTERY & LINE ACCESSORIES

Extended Reach Tips (ERT) KS0029-KIT (set of tips)

- Accessory for spreader models iS240, AMK-24, iS280 and AMK-30CRT and upgrade available for 30CX
- Increases the spread up to 8 inches and the unique construction eliminates loss of power
- · With a built-in push button release, tips are easy to install or remove even with gloved hands

Gator Tips™ KS0017G-KIT

- Aggressive tooth pattern will not slip and beveled edges don't rip sheet
- Wide shoulder scoop-out cradles the load and opposing teeth grip with arms wide open
- Standard on ION spreaders, AMK-30CRT and AMK-24 spreaders

Spreader Lighted Handle KEH016-KIT and KEH017-KIT

- · Lighted handles for all ION battery powered spreaders (shown here) are available as an option or upgrade using KEH016-KIT.
- · Lighted handles can be quickly and easily upgraded using KEH017-KIT on AMK-30CX and AMK-30CRT hydraulic spreaders.
- Two super-bright battery powered LED lights with three brightness settings
- Made from solid billet aluminum and hardcoat anodized

Cutter or Combi Lighted Handle KEH015-KIT

- · Quickly and easily upgrades existing 360° swiveling handles on AMK-21A and AMK-22 hydraulic cutters.
- Lighted 360° swiveling handles are standard on all ION battery powered cutters and combi tools.
- Two super-bright battery powered LED lights with three brightness settings
- Made from one-piece solid billet aluminum and hardcoat anodized

Quick Adjust Chain Package

Quick release push button tips with hook. Includes 2 seven foot chains. For use with iS240, iS280, AMK-24 and AMK-30CRT Spreaders

Standard Chain Package

Includes 2 seven foot chains with U-bolt and hook. For use with AMK-30CX. AMK-28 Spreaders and Rams, Other packages available

Control Valve Grip KV0005-KIT

- Made from one piece billet aluminum. black hardcoat anodized and laser engraved with the AMKUS logo
- The new shape enhances grip and precise tool control, even with a
- · Quick and easy conversion of your old control valve

Super Swivel KHC022

- Allows the hose to be positioned or moved to prevent accidental crushing
- Hose connection can be positioned for vertical mounting when using mono couplings
- · Complete maneuverability of hose and use of full length of tool connection

Color Mono Coupler Sleeves

KHC007YL-KIT (yellow) KHC007GN-KIT (green) KHC007RD-KIT (red) KHC007BL-KIT (blue) KHC007GR-KIT (gray) KHC007-KIT (black)

• These colored sleeves can be used in identifying hydraulic lines or specific tools – aiding reaction times at deployment and standardizing departmental procedures

POWER UNITS

- Requires only 5 amps to startup with virtually no inrush. (Compare to 60 amps inrush on typical simultaneous
- The design of the 240SS reduces the need for accessibility to the pump unit, providing versatility when determining a location for the unit in your apparatus
- Easy and cost effective installation

WOTOR 1

- Retrofits on existing apparatus are a practical option
- Electric Power Unit, 240 Volt single phase power
- Two tools can be connected and operated simultaneously
- Power Sharing Mode is an available feature which allows a 2 tool system to be used on a 10KW generator by temporarily focusing all the power on a single tool when both tools are operating near maximum pressure.
- Can be used with hose lengths up to 200'
- DC fan-cooled hydraulic heat exchanger
- Complete on-board circuit panel for: individual motor and circuit activation, LED circuit status display, LCD display for operational diagnostics, integrated low oil warning and low oil shut down
- Optional wireless remote control with emergency shut down

240SS Super Simo		
Max Electrical Draw (when both circuits at maximum operating pressure)	13,500 watts	
Delivery of Pump, stage 1	1.0 gpm per port x 2 (3785 cc/min)	
Delivery of Pump, stage 2	0.68 gpm per port x 2 (2574 cc/min)	
Step Down Pressure	6,500 psi (448 bar)	
Relief Pressure Setting	10,500 psi (724 bar)

GH2B-MCH MINI-SIMO™

- Gasoline powered Honda® engine
- Two tool simultaneous operation
- "BOOST" mode, when in alternate tool operation, increases tool response in both pump stages
- Increased first stage pressure reduces cycle times
- Newly designed 3-position control valves
- Direct mounted standard couplings or single connection mono couplings
- Modular design reduces time required for service

GH2B-MCH Mini-Simo NFPA 1936 Compliant		
Length (with couplings)	17.75 inches (451 mm)	
Length (without couplings)	15.50 inches (394 mm)	
Width	12.50 inches (318 mm)

Weight (with female Mono Couplings)	58.60 lbs (26.58 kg)	
Weight (without couplings)	55.40 lbs (25.13 kg)	
Fluid Type	AMKUS MV-1 Mineral Base Hydraulic Fluid	
For equipment stored and operated in environments below freezing use AMKUS MV-0 Mineral Base Hydraulic Fluid		
Hydraulic Fluid Reservoir Capacity	0.6 gals. US (2.27 liters)	
Delivery of pump, stage 1	0.584 gpm per port x 2 (2212 cc/min)	
Delivery of pump, stage 2	0.151 gpm per port x 2 (574 cc/min)	
BOOST Mode: Single tool operation only		
Delivery of pump, stage 1	1.168 gpm (4424 cc/min)	
Delivery of pump, stage 2	0.32 gpm (1148 cc/min)	
Rated Output Pressure	10,500 psi (724 bar)	

POWER UNITS

EF2S or EF2S-XL **POWER UNIT**

- Electric powered, 3.0 horsepower, "washdown" motor
- 220/240 Volt single phase
- Two high pressure, two-stage pumping
- Two 2-Way, 2-position selector valves
- Two tools can be connected and operated simultaneously

EF2S or EF2S-XL 🔀 NFF	PA 1936 Compliant	
Length	17.6 inches (447 mm)	
Width	12.1 inches (307 mm)	
Height	20.0 inches (508 mm)	
Weight (ready-to-use)	106.4 lbs (48.0 kg)	
Includes hydraulic fluid and couplings.		
Fluid Type	AMKUS MV-1 Mineral Base Hydraulic Fluid	
Hydraulic Fluid Reservoir Capacity	2.0 gals US (7.6 liters)	
Delivery of pump, stage 1	1.20 gpm (4,542 cc/min)	
Delivery of pump, stage 2	0.25 gpm (946 cc/min)	
Rated Output Pressure	10,500 psi (724 bar)	

GB2S-XL0 POWER UNIT

- Gasoline powered Briggs & Stratton® overhead valve 4-cycle engine
- Two high pressure, two-stage pumping systems
- Two 2-way, 2-position selector valves
- Two tools can be connected and operated simultaneously
- · Roll cage for protection and hose storage

GB2S-XLO 56 NFPA 1936 &	EN13204 Compliant
Length	23.0 inches (584 mm)
Width	16.0 inches (483 mm)
Width (with one hose loop standard)	19.0 inches (437 mm)
Height	20.5 inches (521 mm)
Weight (ready-to-use)	109.6 lbs (50 kg)
Includes gas, engine oil, hydraulic fluid and couplings.	
Fluid Type	AMKUS MV-1 Mineral Base Hydraulic Fluid
Hydraulic Fluid Reservoir Capacity	2.0 gals US (7.6 liters)
Delivery of pump, stage 1	1.20 gpm per port x 2 (4,542 cc/min)
Delivery of pump, stage 2	0.25 gpm per port x 2 (946 cc/min)
Rated Output Pressure	10,500 psi (724 bar)

GH2A-MC MINI POWER UNIT

- Gasoline powered 4-cycle Honda® engine
- · Easy to fill with large fill port on reservoir
- · Includes spark arresting muffler
- Two tools can be connected simultaneously and operated alternately
- High pressure, two-stage pumping system
- Alternate tool operation
- · Roll cage for protection
- Easy access drain port to drain hydraulic fluid from pump

Ė	GH2A-MC 56 NFPA 1936 &	EN13204 Compliant

STRUTS

AMKUS offers a complete RescueStrut telescoping and hydraulic system that's easy to deploy and use for vehicle stabilization, and forcible entry.

RESPOND FASTER

RESCUESTRUT

RescueStruts are fully assembled and include a single pin adjustment for a quick response. In addition, the telescoping strut is available in multiple lengths with 10,000 lbs of holding capacity.

A SMARTER TOOL

Don't get caught short! The RescueStrut system telescopes to 110". In addition, a large anchor ring allows for multiple points for strap attachment.

MULTI-FUNCTION CAPABILITY

A wide variety of strut heads are available that work across the entire RescueStrut family. The strut base includes multiple attachment points for maximum flexibility.

AMK-HLS16E HYDRAULIC STRUT

- 6,000 lb hydraulic lifting capacity at full extension
- Easy to adjust inner extension tubes
- Large and balanced carrying handle
- Large anchor attachment ring
- Multiple attachment options on foot plate
- Large assortment of accessories available

AMK-TAS45E TELESCOPING STRUT

- 10,000 lb holding capacity at full extension
- · Simple single pin adjustability
- Fully assembled and ready to use
- Completely adaptable for vehicle stabilization and structure support

RescueStrut Foot Base

- Removable base with a large stable footprint
- Multiple attachment points, including chain slots and bull ring
- · Accepts straps, chains, pickets, and stakes
- Chain not included

Unique Locking Pin

• One piece flip lock spring pin means you'll never fumble with cotter keys again

PACKAGES

PACKAGES

The RescueStrut system offers multiple options of system components packaged together to solve tactical and departmental needs

AMK-FSWA16 **STANDARD PACKAGE:**

- 2 Hydraulic Lifting Struts
- 2 Telescoping Adjustable Struts
- 4 Tube Adapters
- 4 Standard Heads
- 4 Ratchet Straps
- 3 5/16 Grade 70 **Attachment Chains**
- 2 Multi Hook Clusters
- 2 15 inch J-Hooks

AMK-HSTDUP

RAM/JACK

AMK-HRJI6R RAM/JACK

- Hydraulic Ram/Jack with Base
- The shortest, most versatile lifting jack in the industry
- Allows application in confined spaces whether horizontal, vertical or angled
- Includes specially designed waffle head and rocker support panel

Lift Capacity	6,000 lbs (26.7 kN)
Weight	35 lbs (15.9 kg)
Length Closed	31.5 inches (800 mm)
Length Extended	46.5 inches (118 cm)

Ram/Jack Conversion Kit

• Converts hydraulic strut into Ram/Jack

ACCESSORIES

STRUT HEADS

All heads are interchangeable throughout the system and are made of hardened aluminum. Individual heads are engineered for specific uses like soft woods, chain supports or cradling. Large surface areas and angle correct designs deliver maximum contact, safety and performance

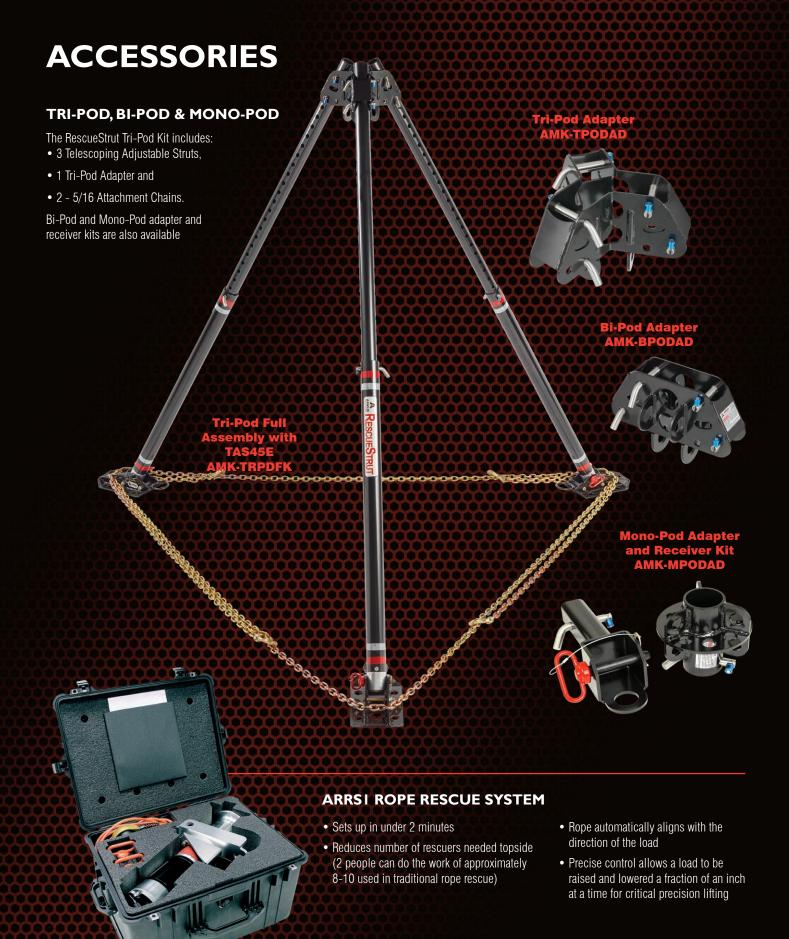

AMK-STAKE1

AMKUS STAR AWARD PROGRAM

Every day, men and women in the Fire and EMS community encounter life and death situations. In an attempt to recognize the heroic efforts of rescue personnel worldwide, we have established the AMKUS Star Award Program. The AMKUS Star is awarded to personnel involved in outstanding rescue efforts utilizing AMKUS tools. Fire Departments are able to self-nominate via our online nomination form and recipients receive an AMKUS Star patch and certificate of recognition.

AMKUS STAR AWARD WINNER: BETHESDA CHEVY CHASE RESCUE SQUAD

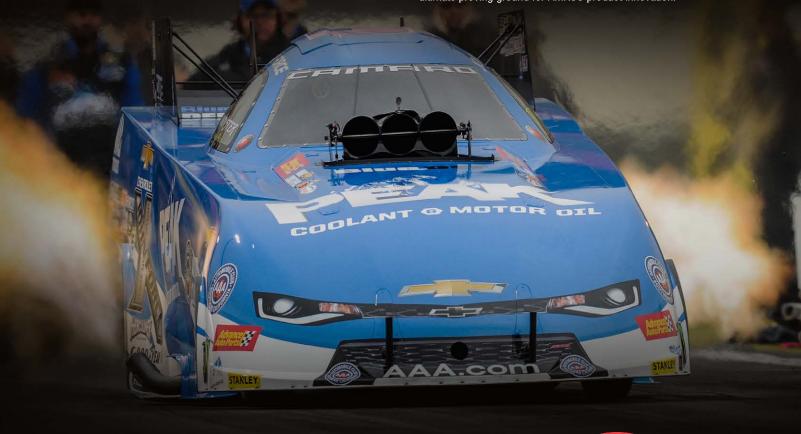

CUSTOMER SUPPORT

AMKUS tools are designed for the demanding use of first responders, however, occasionally the tools require maintenance or service. Support can be obtained via your local authorized AMKUS dealer or the AMKUS Headquarters service department.

MOTORSPORTS

In 1984, AMKUS conducted a demonstration of its extrication equipment for NASCAR and Daytona International Speedway staff in Daytona Beach at a hotel parking lot not far from the beach. AMKUS supplied rescue tools that year to the Daytona International Speedway and NASCAR ... and a winning partnership was born.

Today, Track Services Safety Teams carry AMKUS Rescue Systems tools at every NASCAR-sanctioned event. In 2014 the AMKUS racing family expanded again, adding the NHRA (National Hot Rod Association), ARCA and IMSA. These relationships continue and we believe that our relationship with professional motorsports is the ultimate proving ground for AMKUS product innovation.
